Subject: RE: delivery VIH basket

Sian,

Talked to Pat while he was in the line-up at Walmart.
 He has had to pull his 407 aircraft off the heli-skiing contract because of bearing problems.
 Hopefully, he wasn't buying new bearings at Walmart???

Needless to say, he is not in a rush for the 407 basket.
 He is hoping to put back on contract for mid February.
 Therefore, if we deliver to him for Feb. 11th, he is good with that.

Mike,

I will send back the drawings I have signed today so that you guys can get going on the approved parts.
 If you get me the rest for Friday, I will try to sign on the weekend.

David

Subject: delivery VIH basket

Hi David,

Are you aware of any specific date that VIH is requiring their 407 basket by? We have an end of Jan date in the system, which will be very difficult for Linda since she's missing dwg's. So I'm trying to determine if the date on the order was set by Dart or VIH, if it's set by Dart, then we should move it back a little to give production time to make. If you're not sure, then I'm going to give Pat Renaud a call to confirm required delivery.

Thanks,

Sian Willems
